

Training Opportunities

Get ready for a great OEP with HealthSherpa!

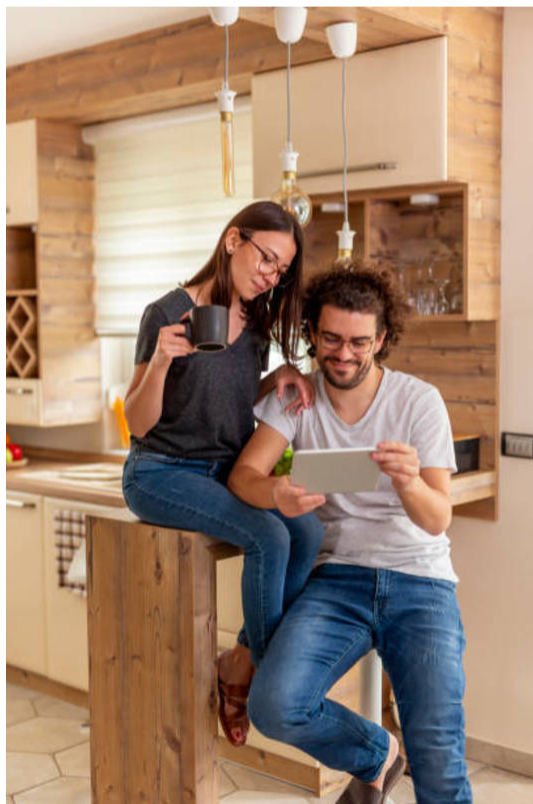

Please join us on Oct. 27, 2021 at 2:00 p.m. EST for an overview of the core features of the HealthSherpa Ascension Personalized Care account, as well as a live walk-through of the application. We will show you exactly what you need to know for writing plans and managing your clients. There will also be an opportunity for you to ask questions at the end.

Simply click the link below to join. If you can't attend this session in-person, we will record it for you and share the presentation afterwards.

Setting up your HealthSherpa account

Information will be sent to all GAs and agents to set up their HealthSherpa account. To make the most of OEP, you will want to set up your account. This will allow you to quote, enroll, and renew all of your ACA clients through one account. HealthSherpa was designed with the agent in mind. Did you know the average ACA application takes eight minutes on HealthSherpa compared to 32 minutes on HealthCare.gov? Watch for additional training sessions and dates in the coming weeks.
