## USHL agent portal

The US Health and Life agent portal currently houses the book of business reports. Agents need to review the reports and contact any client that has not made their binder payment. Payments for a January 1, 2022 effective date must be received by January 2, 2022. Any payments received after this date will be considered and accepted only if postmarked by January 2, 2022 or paid online by January 2, 2022. Policies will be terminated retroactive to December 31, 2021.

In addition, once commission statements are available, a copy will be loaded into your account.

Username and temporary passwords have been emailed to agents and agencies being paid. If agents assign their commission to an agency, agents will not have their own account unless they are the agency contact person. You can click the link below to sign in.
