Welcome to the APC network

As promised, we will continue to update this section once a month to inform you when doctors and locations have been added to our APC network.

In the Evansville, Indianapolis, and Kansas markets, we've recruited eight provider groups. In the Michigan market, we welcome 26 ancillary groups to the APC network.

We also want to welcome **Edgepark** as a DME provider. They are located in Twinsburg, Illinois. Click the buttons below to see all the providers and ancillary groups that have been added.

The contracts have been finalized and we are working hard to finish credentialing. Please allow 30-60 days for their information to appear in our online doctor directory.
