

Bright Health and Friday subscriber outreach

Bright Health (Tennessee and Texas) and Friday (Texas) subscribers were recently sent a letter from the Health Insurance Marketplace informing them their current ACA health insurance plan is no longer available. For those members assigned to Ascension Personalized Care, we have followed up on the Marketplace notifications with welcome emails loaded with APC plan information and resources.

To avoid any gaps in coverage and continue their healthcare journey in 2023, subscribers need to make their first payment by Dec. 15, 2022 at ascensionpersonalizedcare.com/payment.

Click the buttons below to view the outreach emails sent by APC last week.

Please remind clients when they are using the Ascension Personalized Care Find a Doctor feature to locate an in-network pediatric vision doctor, they can locate them under either "optometrist" or "ophthalmologist."

They can then filter results by online scheduling, gender, language, and more.

- Preferred brand or tier 2=\$150 copay
- Non-preferred brand or tier 3=\$250 copay

*Correction to the Texas APC virtual training

During the Texas Ascension Personalized Care Virtual Training we mentioned that Heart of Texas/Waco Family Medicine was an in-network practice. Unfortunately, they are no longer a part of the Ascension Personalized Care network. If you have any questions, please contact us at 844-828-5968 or email us at APCAgentSupport@ushealthandlife.com.
