Ascension

Ascension Personalized Care (“APC”) understands what truly matters in taking care of your health. This plan is brought to you by Ascension, your trusted health partner with over 100 years of experience in delivering personalized, compassionate care to people across the nation. Ascension Personalized Care gives you access to a distinct network of primary care doctors and specialists. We listen to understand what you need, and work with you to create a care plan that is right for you.

APC is located in certain counties in Indiana, Kansas, Texas and Tennessee. Visit Member > Service Areas at ascensionpersonalizedcare.com for more information.

Care and coverage

In this directory, you will find a list of all of the doctors and providers in our network. APC is an Exclusive Provider Organization (EPO) network. APC is a managed care plan that gives you access to local doctors with cost and care in mind. It has an exclusive network of doctors and locations and doesn’t cover most out-of-network care. An EPO does allow the member to visit any doctor within the Ascension network without a referral.

ACP members will need to choose in-network doctors to have claims and services covered. The only exception is for emergencies where services provided by an out-of-network doctor will be covered at the network doctor level.

Make sure your current doctor is in-network to avoid additional expenses. All doctors in this directory are in-network. For the most up-to-date list, visit ascensionpersonalizedcare.com/find-a-doctor or call 833-600-1311.

When receiving care at an APC participating hospital it is possible that some hospital-based doctors may not participate with APC. If allowed under the law, these doctors may bill you for the difference between APC’s allowed amount and the doctor’s billed charge. We encourage you to ask about the doctors who will be treating you before you begin your treatment, so you can understand their participation status with APC.

Special circumstances:

- Emergency services provided by an out-of-network doctor will be covered at the network doctor level when the services provided are for a medical emergency.
- There may be some limited circumstances when you need to see an out-of-network doctor. Please contact our utilization management department as they must review all requests for medical necessity before any services are rendered by an out-of-network doctor.

What if I go out-of-network?

- If you see a doctor who is not within the APC network, you will be responsible for the full amount of service
- APC contracts with certain doctors to give our members the best rates possible
- If you go to a doctor or hospital out-of-network, these doctors or providers are not contracted with APC and can charge you a higher rate
- Going out-of-network means you could pay more than your deductible, coinsurance or copay

Please note: True medical emergencies are excluded and will be covered at the network doctor level.

Atención y cobertura

En este directorio, encontrará una lista de todos los médicos y proveedores de nuestra red. APC es una red de Organización de Proveedores Exclusivos (EPO). APC es un plan de atención administrada que le da acceso a médicos locales teniendo en cuenta el costo y la atención. Tiene una red exclusiva de médicos y lugares y no cubre la mayor parte de la atención fuera de la red. Una EPO sí le permite al miembro visitar a cualquier médico en su red de Ascension sin necesidad de una remisión.

Los miembros de APC deberán elegir médicos dentro de la red para que se cubran los reclamos y los servicios. La única excepción es para las emergencias, donde los servicios prestados por un médico fuera de la red serán cubiertos al nivel del médico de la red.

Asegúrese de que su médico actual esté dentro de la red para evitar más gastos. Todos los médicos en este directorio están dentro de la red. Para obtener la lista más actualizada, visite ascensionpersonalizedcare.com/find-a-doctor o llame al 833-600-1311.

Al recibir atención en un hospital participante de APC, es posible que algunos médicos del hospital no tengan contrato con APC como médicos o proveedores participantes. Estos médicos pueden facturarle la diferencia entre la cantidad permitida de APC y el cargo facturado por los médicos. Lo animamos a que pregunte sobre los médicos que lo atenderán antes de comenzar su tratamiento, para que pueda comprender su estado de participación con APC.

Circunstancias especiales:

- Los servicios de emergencia prestados por un médico fuera de la red serán cubiertos al nivel del médico de la red, cuando los servicios prestados sean por una emergencia médica.
- Tal vez haya algunas pocas situaciones en que necesite consultar a un médico fuera de la red. Comuníquese con nuestro departamento de administración de utilización ya que ellos podrán revisar todos los pedidos según la necesidad médica antes de que los servicios sean prestados por un médico fuera de la red.

¿Qué pasa si quedo fuera de la red?

- Si consulta a un médico que no está en la red de APC usted será responsable por la cantidad total del servicio
- APC tiene contratos con ciertos proveedores para darles a nuestros miembros las mejores tarifas posibles
- Si acude a un médico u hospital fuera de la red, estos proveedores no tienen contrato con APC y pueden cobrarle una tarifa más alta
- Estar fuera de la red significa que podría pagar más que su deducible, coseguro o copago

Tenga en cuenta: Las emergencias médicas reales están excluidas y serán cubiertas al nivel del médico de la red.
